SCHOOL MESSAGE

“Education is the most powerful weapon
Which you can use to change the world”

- Nelson Mandela

We are happy to announce that our SRPI school is all set to commence this year with enthusiasm and commitment to providing an all around quality education to the young and budding learners.

We at SRPI school strive hard to create more interesting and meaningful learning experiences, through which our students will be able to develop the most relevant skills, habits and character attributes. We encourage the students to analyze their experience, to doubt to question and to investigate. We want the students to be inquisitive and to think independently.

Our kindergarten aims to provide a meaningful child centered, play based curriculum that build life skills, independence, confidence and resilience to support each child in achieving their potential.

Apart from academics, we indulge students in co-curricular activities such as Bharatanatyam, vocal, silambam, yoga, skating, drawing, craft, karathe and keyboard.

We guide the students to build their physical and mental personality through activities like discussions, quiz competitions, elocution and recitation.

We motivate the students to take part in various competitions conducted every month and felicitate the winners with medals and certificates in Award Ceremony.

We believe that good education can be obtained from heart filled sports, Hence we give adequate importance to sports activities like Volleyball, Basketball and Athletics.

We celebrate the achievements of the students in all curricular and co curricular activities through a grand Annual day.

Every effort of the team is highly appreciated who has contributed towards making learning so meaningful. With unstinted continued support and cooperation from our parents, we are sure, we would be still moving ahead thereby creating greater impacts in the education sector.
